"I've found that being a member of the WBBG has been extraordinarily helpful in my business. As an insurance agent it's difficult to get your foot in the door from time to time and the great community that is the WBBG has helped open so many doors for me, it's truly amazing. I highly recommend to any business that is interested in working in the B&B community in Washington to become an associate member. It's really worked for me!", Scott Roberts, PLC Insurance
